RE: Star Wars by Alun Chalfont

Alun set out to write a popular primer on SDI. I think he has done rather well. Chapter 7, "Soviet Strategic Defence Research," is based on unclassified material [redacted] and which Alun first surfaced in an Op Ed piece in the London Times.

The book is being published this week, and I'm sure Alun would be delighted to receive a brief note of congratulations from you.

At your convenience, please return this copy.
